“Guys, stopped by your shop in Robbinsdale over lunch today to have someone check out my Beretta 9mm. Got really fast, quality service and had my M-9 up and running in minutes, including a few minutes on the range. You’ve got a great shop with great people, and you secured a repeat customer with me today. Have a great week.”

– **Rob, Editor of Outdoornews.com**“I was at the Robbinsdale store on Sunday June 28 to purchase a handgun, Mike and Charley have absolutely FANTASTIC customer service skills!! I bought a handgun from Mike 2 months ago in April and he is great to deal with, great customer service, very knowledgeable, and very friendly. Having people like Mike and Charley there is a BIG reason I keep coming back! Keep up the great work guys!”

– **Joey**“A few months ago I visited your Robbinsdale location to begin trying out different guns at the range to decide what I would like to get for my first gun. I was very nervous about being so “gun stupid” but then I met Mike and he was amazing! By the time I walked down to the range I already felt much better about being there. After trying out a number of different guns, I made my decision and last Friday I went in to see Mike to buy my very first firearm, a Glock19. Everyone in the store and range were super nice, patient and knowledgeable each time I was in and I will always recommend Bill’s Gun Shop to anyone looking to purchase firearms or spend time in the range. Thank you so much to all of your staff, but especially Mike who made sure that I wasn’t scared off at my first visit. I’ll be back soon for the purple Colt Mustang I found.”

– **Diana**“5 STARS – Only gun shop/range to go to in the Twin Cities! Range facilities are always in great condition and the staff is not only knowledgeable, but friendly and helpful. Its really the staff that makes this place the best. Thanks!”

– **Daniel**“5 STARS – Hands down the best place to shoot in the Twin Cities!!”

– **Timothy**“5 STARS – Amazingly helpful staff! I don’t feel talked down to as a woman; everyone is just happy to see your interest in their passion. Has a great reputation among guys I work with too.”

– **Brandy**“5 STARS – If you have never shot automatic weapons then you need to go to Bills. Dave did a great job of getting our group into the shop and Eric took great care of us on the range. Most of our group lives in California and is in town for business 2 or 3 times every year and I can guarantee that they will be back every time. The knowledge that Eric shared was fantastic, and he made our day better than we could have hoped for. Thank you Dave and Eric for the great memories!”

– **Nick**“5 STARS – I consider this “our” go-to shop and range. I/we have used the range, purchased our firearms, and asked instructors for help. We are always treated with respect. That is huge to us as we are both “seniors”. Great experience all around.”

– **Linda**“5 STARS – My husband sent me to the basic handgun familiarization class (for ladies) for my birthday. I took it this morning with Chelaine. I was nervous shooting at first, but she was so positive and encouraging I got used to it really quickly. I can’t wait to go back to the range and practice some more. Guys, it’s a perfect gift for your ladies.”

– **Connie**“5 STARS – I’ve been there multiple times for different things. The last one was to sign my wife up for the basic handgun familiarization class. They were really good at explaining the different classes they offered, and my wife loved it. Maybe even too much. Now I have to buy her a gun. Oh well, back to Bill’s!”

– **Jason**“5 STARS – I have purchased several firearms and accessories at Bill’s Gun Shop over the past 20 years and they have always been friendly providing me with great customer service.”

- **Jim**“I was so impressed with the Staff that I bought an M&P Shield then and there from Kris. He is a great asset to your team and very knowledgeable about not only guns, but how to treat a customer. My daughter and I thank you for a great experience. We look forward to many more trips to Bills for range time and all the accessories we need for her new gun.”

- **Jason**“What a great shop. My father, Phil and I were in the Hudson shop on this past Sunday. We were very impressed with the information given to us on several guns. John was very knowledgeable and helpful. My father and I are planning on coming to the range to rent a few guns before my purchase.”

- **Amy**“Thanks again for having ladies night and providing a welcoming environment for beginning shooters. Chelaine gave me some great tips. I will make this a regular stop.”

- **Candace**“Bill’s Gun Shop and Range is a great place to learn, have fun and no pun intended... Blow off some steam at their range! The guys at the Circle Pines location have always been very helpful but I have to give a special shout out to Don! Every time we walk thru the door he makes us feel right at home and answers my endless questions with such enthusiasm and patience! I can’t wait to take the “Ladies Only” class on July 25th! I am sure like everything else there, it won’t disappoint!”
